

# DARIA Sings for Earth Day!

## WE'VE GOT THE WHOLE WORLD IN OUR HANDS

Music – Traditional | New Lyrics – Daria A. Marmaluk-Hajioannou

***There are so many simple things that everyone can do to take better care of our planet. This song is filled with good ideas that could easily become part of anyone's daily life!***

We've got the whole world, in our hands  
We've got the whole world, in our hands  
We've got the whole world, in our hands  
We've got the whole world in our hands

We should recycle now - all that we can  
Reduce, reuse, recycle - all that we can  
Recycle now - all that we can  
We've got the whole world in our hands

Be kind to plants and animals - of our land  
Be kind to plants and animals - of our land  
Be kind to plants and animals - of our land  
We've got the whole world in our hands

Join hands with sisters and brothers - throughout the land  
Join hands with sisters and brothers - throughout the land  
Join hands with sisters and brothers - throughout the land

We've got the whole world in our hands

Dream your bright dream - then do all that you can  
Dream your bright dream - then do all that you can  
Dream your dream - then do all that you can

We've got the whole world in our hands

We've got the whole world, in our hands  
We've got the whole world, in our hands  
We've got the whole world, in our hands  
We've got the whole world, in our hands

## BEAUTIFUL RAINBOW WORLD

Words and Music by Daria A. Marmaluk-Hajioannou

***Our Native elders in North America have a prophecy that talks about how all colors of humanity; working together, will be able to heal and transform our planet. That was the inspiration behind this song!***

Today I woke up to see  
A beautiful rainbow world  
Won't you dream it along with me?  
A beautiful rainbow world

Red, black, yellow, brown and white  
A beautiful rainbow world  
Dancing together in the light  
A beautiful rainbow world

Today I woke up to see  
A beautiful rainbow world  
Won't you dream it along with me?

A beautiful rainbow world

Beautiful rainbow, beautiful rainbow  
Beautiful rainbow world  
Beautiful rainbow, beautiful rainbow  
Beautiful rainbow world

No one lost or left behind  
Beautiful rainbow world  
Each one their own treasure finds  
Beautiful rainbow world

# RIDE HORSE RIDE

Music and Lyrics by Daria A. Marmaluk-Hajioannou and Kyra Hajioannou

***There is so much to learn from nature, especially from animals. My daughter began making up these words to a pow-wow beat when she was small. We like to sing it to give a sense of how much we can learn from our four-leggeds, winged ones and all of our animal friends, referred to in Native community as our "little cousins".***

Ride, horse, ride  
Ride into the sunbeams  
Ride, horse, ride  
Ride into the moonbeams

Ride, horse, ride  
Ride into the sunbeams  
Ride, horse, ride  
Ride into the moonbeams

Take us to where we need to go  
Show us what we need to know...

Take us to where we need to go  
Show us what we need to know...

# WILD AND FREE

Music – Traditional | New Lyrics – Daria A. Marmaluk-Hajioannou

***Dolphins, manatees, whales and other amazing sea creatures! How wonderful to explore their world and protect it so they will always be with us!***

The dolphins they play in the ocean  
The dolphins they play in the sea  
The dolphins they play in the ocean  
Oh let them be wild and be free

The whales, they swim in the ocean  
Deep in the depths of the sea  
The whales they swim in the ocean  
Oh let them be wild and be free

Oh don't you love all the creatures  
the ones from the land and the seas?  
If we protect them they'll be with us forever  
Wonderful, wild and free !

Wild and free  
Oh let them be wild and be free (be free...)  
Wild and free  
Oh let them be wild and be free

The manatees play by the bayside  
The manatees play by the sea  
Sometimes they'll even swim with us...  
But let them be wild and free...

# WHOLE NEW WORLD

Words and Music by Daria A. Marmaluk-Hajioannou

***Imagine a seed underground. It must be very frightening to go through the changes it requires to become a green and growing plant. Yet a new, bright and beautiful world awaits... for the little plant and for humanity, too!***

A whole new world  
A whole new day  
Take my hand  
We'll live a brighter way

Once there was a little seed  
Trapped inside the ground  
Couldn't see a single thing  
couldn't hear a sound  
But something deep inside of it  
Reached up toward the light  
Knew there would be something good  
Something real and right...

A whole new world  
A whole new day  
Take my hand  
We'll live a brighter way

Then right to this little seed  
There came up lots of sprouts  
Green and growing everywhere  
To let the wonder out  
What once had looked like empty soil  
Became a field of dreams  
If you've ever watched how love transforms  
Then you know what I mean

A whole new world  
A whole new day  
Take my hand  
We'll live a brighter way  
So this is what I'm telling you  
Is happening today  
Hands are reaching upward now  
To welcome whole new ways  
Joy and peace can blossom

Where there was sorrow and despair  
The fields are getting greener now  
I think we're almost there

A whole new world  
A whole new day  
Take my hand  
We'll live a brighter way

A whole new world  
A whole new day  
Take my hand  
We'll live a brighter way

# BONUS SILLY TRACK!

## BE KIND TO YOUR WEB-FOOTED FRIENDS

New Verse by Daria A. Marmaluk-Hajioannou

***Many folks remember that is a silly, camp song. I've added some new verses here – just for fun!***

Be kind to your web-footed friends  
For a duck may be somebody's mother  
Be kind to your friends from the swamp  
Where the weather is cold and damp

Be kind to your friends at the pond  
For that goose may be some bird's brother  
Be kind to frogs and those with fins  
So they'll want you to come back again!

Be kind to your web-footed friends  
For a duck may be somebody's mother  
Be kind to your friends from the swamp  
Where the weather is cold and damp

You may think that this is the end  
Well it is!
